CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, FRIDAY, APRIL 4, 1919

TWO CENTS

WILL INTRODUCE BILL TO TAX ALL MALE RESIDENTS OF STATE

Measure Will Be Presented
In Assembly Next Monday Evening

FAVORS YEARLY TAX OF \$6.00

Dr. W. H. Day of Monessen, representative in the General Assembly from Westmoreland county, will on Monday evening next, introduce a bill in the House which will, if enacted, into a law, add funds to the treasury of every township and municipality in the State.

One of the bills would impose upon every male domiciled within the borders of the state a tax of \$6.00 a year to assist in the upkeep and support of the government, and especially to aid in the great educational processes now going on which are taxing the people to the limit. This taxation is based upon fifty cents a month from every male person whether naturalized or not and regardless of whether the man can vote. He must, however, have reached the age of 21 years.

Dr. Day has had this idea in mind for some time. He has consulted with some of the biggest men in the state, lawmakers and lawyers alike, and in every instance he has been given great encouragement, and he is of the opinion that the Republican organization will get behind the measure and aid it in becoming a law. The attorney general is reported to have given his approval of the measure in whose opinion, it would be a thoroughly constitutional measure.

INQUEST WILL BE HELD SATURDAY

Deputy Coroner Lawrence B. Frye has summoned Robert Booth, S. R. Frye, John Majors, John Fleming, Robert Turnbull and J. E. Caffee to serve as members of a Coroner's jury to inquire into the circumstances surrounding the death of Thomas Myrtle, who died in the Charleroi-Monessen hospital Wednesday night as a result of a fractured skull. The inquest will be conducted by Coroner Heffran tomorrow afternoon at 1:30 at the Frye morgue.

SPEERS CHILDREN MOURN FOR LADDIE

The children of Speers are mourning for their playmate "Laddie," whose license was neglected to be paid "Laddie," a great big Scotch collie, came to our neighboring town about a year ago and liked it so well that he decided to stay. A few of the boys got together and paid his license last year, and he was given to the children of Speers as a mascot. They had proposed to send to Washington on Saturday to get his license, but the dog catcher beat them to it. Last Friday the officer went to the school for "Laddie" always went to school and church, secured the animal and took him out on the hill and fired the shot that ended his short but faithful Red Cross career.

Returned Missionary Gives Most Interesting Lecture

The lecture room of the Washington Avenue Presbyterian church was filled to its utmost capacity on Thursday afternoon, when the Women's Home and Foreign Missionary Society met in monthly meeting at 2:30 o'clock. Rev. Able a returned Missionary from Japan, opened the exercises after which a trio, entitled "Keep the heart's fires burning," was sung by Mesdames Kinder, Henderson and Campbell, accompanied by Mrs. Warren Kinder. The New Era Movement was then introduced by Mrs. Pfeighardt, the president, assisted by Mesdames Campbell and Whitehead. The program for the balance of the afternoon was then handed over to Mrs. Able, who in a very animated and interesting manner, told of their five years labor among the dark eyed inhabitants of the "land of the rising sun." At the conclusion of her address she and her husband favored the Society with a beautiful duet sung in the Japanese language, after which a prayer by Mrs. Henderson concluded the program for the afternoon. A social hour was then enjoyed with refreshments served by the hostesses.

Out of 200,000 surviving American wounded there have been only 600 arm and 1700 leg amputations. This country will be saved Europe's distressing spectacle of crippled veterans at every turn.

Plague, famine war and death, "The Four Horsemen," still ride hard over revolutionary central Europe and it will take something more than a conclusion of the Peace Conference's labors to stop them.

CHARLEROI ELKS VISIT UNIONTOWN

A number of members of Charleroi Lodge, No. 494, B. P. O. E., Messrs. W. H. Atkins, J. Ed. Masters, J. B. Fissing, Roland Brown, Hugh E. Fergus, Thos. Warrenford, D. R. Hornell, Alex. Grey and George Risbeck, motored to Uniontown Friday evening where they were guests of Uniontown Lodge, No. 370 at a Memorial Dinner. Hon. John K. Fener, Past Grand Exalted Ruler of the B. P. O. E., came on from New York to attend the occasion and was the principal speaker of the evening, his topic being, "Our Order in the War."

"THE SPIRIT OF MEMORIALS" As the spring blossoms into summer, feel, some of us, the absence of those dear ones who have passed to the beyond. We miss their laughter, their kindnesses, their caresses, their helpfulness, their actual expression to the loving remembrance in which they are held? The custom of marking their resting places is as old and as beautiful as the old, old world itself. We cannot honor our loved ones more, nor perpetuate their memory more effectively, than by the erection of a monument. Properly carved, by a master artisan, such a memorial is a lasting tribute to our affection for them. Is there not some one whose memory deserves this recognition from you?

CHARLEROI TO HAVE PART

Mothers of 15th Engineers
Boys Will Take Part In Reception

WILL BE A RED-LETTER DAY

Between twenty-five and thirty Charleroi mothers, who are meeting this afternoon at the Hotel Monier, will have an important part in the reception to the fifteenth Engineers, when they arrive in Pittsburgh the latter part of the month.

Mrs. John N. O'Neil, second vice president of the Mothers of the Fifteenth Engineers, called the meeting, with a view of making arrangements to contribute a share to the splendid reception which the Fifteenth boys are to receive in Pittsburgh. In fact, Mrs. O'Neil, is of the opinion that the Fifteenth is apt to "lay over" anything that Pittsburgh has heretofore done in the way of welcoming returning soldiers to their homes.

The Fifteenth at the time of this reception will be on their way from some Atlantic port to Camp Sherman, Ohio, where they will be demobilized. While in Pittsburgh they will be under strict military discipline, although they will be given liberty after being served with breakfast until after noon time.

The tentative program, as announced by Mrs. O'Neil, is for the regiment to disembark at East Liberty on the morning of their arrival and march from there to the Syria Mosque, in the Bellefield district, where breakfast will be served. After breakfast a public reception will be tendered the men at the Memorial Hall, which has been turned over to the Mothers for that day. This reception will last until noon time, and when dinner will be served the men, every other Friday night after Lesafter which they will assemble for the parade down town, which takes place at 2:30 o'clock. After parading the principal streets down town the regiment will embark at the Union station for Camp Sherman, where they will be demobilized possibly early in May.

In all these festivities the mothers of boys from Charleroi will have a conspicuous place, as this town has more men in the regiment outside of Pittsburgh and McKeesport than any other locality.

Holds A Splendid Meeting
At Hotel Wilbur Last Evening

OPEN MEMBERSHIP CAMPAIGN

Preliminary steps looking toward a change of name for the Charleroi Business Men's Association were taken at a regular meeting, held Thursday evening at the Hotel Wilbur. The meeting convened at 6 o'clock at which time dinner was served and the attendance was the largest in several months.

At the business meeting which followed the dinner a committee which had been appointed by President Schafer and headed by Fred Pieper to canvass the members as to a change in name, reported that the consensus of opinion seemed to favor as a new name, the "Charleroi Board of Trade." A motion to this effect was made, but under the rules of the association it will lay over until the next regular meeting at which time it will be acted upon.

President Schafer appointed a committee to draft new set of by-laws, this committee being composed of Fred Pieper, chairman, M. O. Altenberg, M. T. Crowley, L. P. Flickinger and W. D. Pollock.

John D. Berryman, who was at Harrisburg during the week in the interest of the proposed new Charleroi-Monessen hospital, made an address on the necessity of a new building for the hospital, because of the necessities of the growing section of the valley. John O. Watson and A. P. Baring, county commissioners, were present and both made addresses on a popular topic. Seven new members were admitted, Dr. McKay, R. S. Coyle, J. A. Lane, H. A. Heupel, L. P. Flickinger, Joseph R. Brandt and Thomas Arrigo.

It is the purpose of the organization to begin a membership campaign at once and to that end two teams will be selected, to be headed by Fred Pieper and President Schafer, who will appoint their aids and solicit the business men of the community to associate themselves with the association.

The outlook for the organization is every promising and members hope for splendid results during the remainder of the year.

McVays dancing class will open in Night's Hall Friday, April 11, and every other Friday night after Lesafter which they will assemble for the parade down town, which takes place at 2:30 o'clock. Assessment 50c.

A GANG PLOW JOB

Uncle Sam already has begun his plowing for the 1919 season of money raising. For this year he must have a fine crop. The demand is terrific, the empty hands outstretched are legion, his obligation is greater than ever, so this time he is going to try the deep plowing system.

And as the field is a one it must be a gang plow job.

He dare not neglect one acre in his entire farm this year. There is urgent need for every dollar that can be raised. For he is under contract to deliver f. o. b. at Washington a very certain and definite amount of money to the folks who hold his notes, the munitions making industries of America.

Unless the industries get their money and are enabled to resume their normal plan of operation the whole country will suffer, prosperity will wane, wages will decrease and business generally will slow up.

Not the least of those who will suffer will be the farmer.

For his market is not at home, it is in the industrial districts chiefly, where there are the most wage earners, the most business.

And the farmer knows the virtue of the gang plow and of deep plowing.

Knows the value of utilizing every acre, of clearing off the obstructions, removing the rocks and dynamiting the stumps. Of intensive cultivation.

Knows that no job of plowing ever did itself.

So for the task at hand every man-jack of us must transform himself into a disk in this gang plow.

We must cut deeply into the earth, turn up the soil that has been neglected and permitted to escape doing its part in the scheme of production. We must bring every fellow to account.

None stands to lose more than the farmer if Uncle Sam fails to raise a good crop of dollars this season.

None will profit more if the crop is fine.

If the Victory Liberty Loan goes over big.

PAYING A JUST DEBT

A fifty-eight-year-old controversy between two American common-wealths has come to an end. A desirable settlement has been assured by the provision of the West Virginia Senate for payment of a judgment of the Supreme Court of the United States in favor of Virginia.

In 1861 when the western and predominantly Unionist part of the Old Dominion cut loose from the seceding mother State and set up a government of its own it very properly entered into a contract with Virginia to assume "an equitable portion of the public debt." Some years later, when the defeated Confederate States were being pillaged by negro and carpet-bag governments, West Virginia seemed to reason that under such changed conditions it could repudiate its voluntarily assumed obligation without harmful censure or loss of reputation. At all events its legislature notified everybody concerned that "West Virginia owes no debt, has no bonds for sale and asks no credit."

After waiting for better times Virginia in 1906 carried her contention to the Federal Supreme Court and in 1915 obtained a judgment to the amount of nearly \$19,000,000. And now, four years after the decision of the highest Court, West Virginia has finally made provision for payment. The fact that Virginia had to wait fifty-eight years for her rightful dues calls to mind a saying of Plutarch uttered in the first century, "there is no debt with so much protracted pay off as that of justice."

SAW BIG PARADE IN YOUNGSTOWN

Mr. and Mrs. Walter Robertson and Mrs. Fannie L. Allen were in Youngstown, Ohio, on Thursday to witness the parade of the 136th Regiment of the 32nd Division, which has just returned home from overseas duty. A son of Mrs. Allen and a brother of Mr. Robertson, Floyd E. Robertson is a member of Co. C of the 136th, and with whom they visited during the day. In going to Youngstown Wednesday evening the Charleroi party were fortunate enough to meet their returning soldier at the Lake Erie station, where he was awaiting for a car to bring him home as he had a few hours leave of absence and which he expected to utilize in seeing the home folks. The entire party left on a late train for Youngstown, where Thursday was spent in viewing the parade, which Mr. Robertson said was one of the finest he ever witnessed. The town was covered with patriotic colors in honor of the boys and the city was turned over to them. The Y. M. C. A. furnished a chicken dinner to the members of the regiment a feature of the celebration greatly enjoyed by the soldiers.

Old-time rivermen, many of whom are now "star-gazers" on the Monongahela, will learn with regret the dismantling of six big lower river steamers by the Pittsburgh Coal Company. All of the boats selected for being junked have done splendid work in the towing trade on the Ohio and Mississippi rivers, and were well known between Pittsburgh and New Orleans. The decision of the owners of these boats to dismantle is concrete evidence that the lower river coal trade, so far as they are concerned, will not again be supplied from the Monongahela valley. Local demand for coal is too strong in this district to allow any of it to be sent to localities far removed from the point of production. Our needs here are too great to permit the operators to attempt to supply other sections of the country with its valuable fuel.

It's funny that the uprising in Egypt and unrest in India as well as Bolshevism in Hungary and the failure of people to go to work in Germany are attributed to Peace Conference delays. Why not add the sullen temper of our own I. W. W. which is of some years' standing?
